

AGENDA

May 14, 2018

Registrations & Souvenir Distribution 08:30-08:45

Conference Hall: Marchants Villas I

Opening Ceremony 08:45-09:00

KEYNOTE FORUM

09:00-09:30

Title: A skin probiotic microbiome bank

Chun-Ming Eric Huang, University of California, USA

09:30-10:00

Title: When skin care alone does not cut it

Juris Bunkis, Orange County Plastic Surgery, USA

10:00-10:30

Title: Phosphorylase kinase inhibition in skin disease

Madalene C.Y. Heng, UCLA School of Medicine, USA

Panel Discussion

Group Photo and Coffee Break 10:30-10:50 @ Breakfast Area

10:50-11:20

Title: Antibiotic induced toxic epidermal necrolysis: A case report

Tino Klancir, University of Osijek, Croatia

SPEAKER FORUM

Major Sessions:

Cosmetic Dermatology | Skin Cancer | Injectables And Skin Fillers | Immunodermatology | Bacterial Infections

Session Introduction

11:20-11:45

Title: Curcumin-induced apoptosis in the repair of burns and photo-damaged skin

Madalene C.Y. Heng, UCLA School of Medicine, USA

11:45-12:10

Title: Skin cancer detection via deep analytics of harmonically generated microscopy (HGM) images

Chris Gwo Giun Lee, Bioinfotonics Research Center, Taiwan

Symposium

Hyaluronic acid-based fillers an botlinum toxin in cosmetic dermatology

12:10-12:20

Title: Rheological aspect of hyaluronic acid fillers

Adilson da Costa, Welfare Institute, Brazil

12:20-12:40

Title: Improvement of the quality of life after treatment with hyaluronic acid fillers and botulinum toxin

Rodrigo Amaral, Welfare Institute, Brazil

12:40-13:00

Title: Advanced use of hyaluronic acid fillers for the facial anti-aging approach

Clarissa Prati, Brazilian Society of Dermatology, Brazil

Panel Discussion

Lunch Break 13:00-13:40 @ Breakfast Area

13:40-14:00

Title: Non-conventional use of botulinum toxin in cosmetic dermatology

Renata Indelicato Zac, Minas Gerais' Military Hospital, Brazil

How cosmetic dermatology is working on treating Alopecia: From clinical to surgical treatment

13:40-14:00

Title: Introduction for the clinical treatment of Alopecia: What is a Cosmeceutical?

Adilson da Costa, Welfare Institute, Brazil

14:10-14:30

Title: Exploring the clinical treatments for Alopecia

Renata Indelicato Zac, Welfare Institute, Brazil

14:30-14:50

Title: Alopecia is more than baldness; It's a lack of quality of life

Rodrigo Amaral, Welfare Institute, Brazil

14:50-15:10 **Title: Myths and truths about surgical treatment for different types of Alopecia**
Clarissa Prati, Brazilian Society of Dermatology, Brazil

Panel Discussion 15:10-15:20

Is acne a skin disease or a cosmetic condition?

15:20-15:30 **Title: Why do some patients have acne scar and others don't?**
Adilson da Costa, Welfare Institute, Brazil

15:30-15:50 **Title: Update on pathogenic aspects of acne vulgaris**
Clarissa Prati, Brazilian Society of Dermatology, Brazil

15:50-16:10 **Title: When acne is not only acne vulgarism: Different types of acne**
Renata Indelicato Zac, Minas Gerais' Military Hospital, Brazil

16:10-16:30 **Title: Exploring the different guidelines for treating acne vulgaris**
Rodrigo Amaral, Welfare Institute, Brazil

Panel Discussion 16:30-16:40

Coffee Break 16:40-16:55 @ Breakfast Area

Pigmented disorders

16:55-17:10 **Title: The process of melanogenesis**
Adilson da Costa, Welfare Institute, Brazil

17:10-17:30 **Title: How to clinically treat melasma?**
Renata Indelicato Zac, Minas Gerais' Military Hospital, Brazil

17:30-17:50 **Title: Other hyperpigmented lesions non-melasma and frequent hypopigmented lesions**
Rodrigo Amaral, Welfare Institute, Brazil

17:50-18:10 **Title: Assessment of cutaneous effects secondary to oral supplementation with omega-3, -6 and -9 exclusive or associated with tetracycline, in the skin of patients with papulopustular acne - preliminary results**

Clarissa Prati, Brazilian Society of Dermatology, Brazil

Panel Discussion 18:10-18:20

Day 1 Concludes...

May 15, 2018

Conference Hall: Marchants Villas I

KEYNOTE FORUM

09:00-09:30

Title: Evaluation of the *in vivo* moisturizing efficacy of topical formulations: Review and selection of suitable methods

Celine BLANCHE, Clinical Research Colombia, Canada

09:30-10:00

Title: Naturally secreted growth factors for aesthetics: Stimulating skin and hair follicle stem cells

Gail K. Naughton, Histogen, Inc., USA

10:00-10:30

Title: Superficial head and neck anatomy for dermatologic surgery: Critical concepts

Steven Chow, University of Southern California, USA

Panel Discussion

Coffee Break 10:30-10:45 @ Breakfast Area

10:45-11:15

Title: AMYCOT®: A novel bioactive extract from *Spirulina* with multi-functional properties shows clinical efficacy against onychomycosis and tinea infections; And its implications for other dermatological conditions

Leodevico (Vic) L Ilag, Innovation in Life Sciences, Australia

11:15-11:45

Title: Safe and effective masseter toxin injection technique and prevention of complications

Peter Peng, P-Skin professional Clinic, Taiwan

SPEAKER FORUM

Major Sessions:

Skin Diseases | Eczema/ Dermatitis | Hyper / Hypo -Pigmentation | Skin- Laser Technology | Diagnostic Techniques In Dermatology

Session Introduction

- 11:45-12:10 **Title: Assessment of immunohistochemical aspects in papulopustular**
Clarissa Prati, Brazilian Society of Dermatology, Brazil
- 12:10-12:35 **Title: Omega 3 testing for skin health: A tool for personalized dermatology**
Leodevico (Vic) L Ilag, Innovation in Life Sciences, Australia
- 12:35-12:55 **Title: Novel bio-engineered dermo-epidermal skin grafts: A report on phase I clinical data and new experimental findings**
Ernst Reichmann, Tissue Biology Research Unit, Switzerland

Panel Discussion 12:55-13:05

Lunch Break 13:05-13:50 @ Breakfast Area

Major Sessions:

Dermatological Diseases | Psoriasis/ Dermatological Oncology | Cosmetic Dermatology

- 13:50-14:15 **Title: Homeostatic renormalization of hair and skin tissue using adult stem cell S2RM technology**
Greg Maguire, BioRegenerative Sciences, USA
- 14:15-14:40 **Title: A case of subungual melanoma *in situ* in an 18-year-old girl presented with total melanonychia**
Hai-Jin Park, Inje University, South Korea
- 14:40-15:05 **Title: Collagen stimulator for body rejuvenation and cellulitis**
Gabriella Albuquerque, Hospital Central Aristarcho Pessoa, Brazil
- 15:05-15:30 **Title: Successful hair restoration on bald patients with biorevitalization**
Maria del Pilar Reyes, University of Michoacan De San Nicholas de Hidalgo, Mexico

Panel Discussion 15:30-15:40

Lunch Break 15:40-15:55 @ Breakfast Area

- 15:55-16:20 **Title: Two year evaluation of either bilobed flap or foll tickness skin graft as a closure technique of the noral tip**
Marius A Kemler, Martini Hospital Groningen, Netherlands
- 16:20-16:45 **Title: Lxekizumab in the management of on selected out patients with moderate to secere psoriasis -new data and personal clinical experience**
Norbert Behnke, Berufsverband det Deutschen Dermatologeb, USA
- 16:45-17:10 **Title: A bioinformatics framework for personalized detection of tumor neoepitopes**
Tanushree Jaitly, Friedrich-Alexander-University Erlangen-Nuremberg, Germany
- 17:10-17:35 **Title: Thermotherapy simulations in composite tissues**
Alaeddin Malek, University Tehran, Iran

Panel Discussion 17:35-17:45

Awards &Closing Ceremony 17:45-18:00

Day 2 Concludes...

Spring Dermatology & Skin Care 2018
